## Scope of the review

We have conducted the review in accordance with National Standard of Review 2410 as provided by the International Standard on Review Engagements (ISRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity."

The review of the interim financial statements involves direct inquiries, primarily to persons responsible for corporate financial and accounting matters, analytical and other review procedures.

The review is significantly narrower in scope that that carried out in accordance with the National Standard of Review adopted under the International Standard on Review Engagements, and, as a result, the review is not sufficient to ascertain that all relevant issues that would have been identified during the audit have been actually exposed. Therefore, we do not express an opinion from the review.
